(PDF) Financialisation, Financial Crisis and Inequality

The 2008 financial crisis opened up discussion on the role of finance in the production of the built environment in general and housing, in particular. Financialisation has emerged to become part of mainstream conceptualisation (Fields, 2017a) in a similar vein to neoliberalisation and globalisation.

Cracking Financialisation: Housing, Crisis, Struggles and ...

Financialisation has opened wider avenues to speculation and wealth formation with little concern about capital investment in new productive capacity in the manufacturing sector, as apparent during the long prosperity of 1950-1973, i.e., the post-war economic boom.

Financialisation, Neoliberalism and Economic Crises in the ...

The political response of the US Congress to the financial crisis was to pass the Troubled Asset Relief Program or TARP, which provided up to \$700 billion for buying up or insuring 'troubled' financial assets.⁴² For Palley, the purpose was not necessarily to save investors from incurring loss, but to prevent a wider crisis, since under financialisation the fortunes of the broader economy ...

Financialisation: A Primer | Transnational Institute

For example, in the lead up to credit crisis 2000-2007, house prices rose above long-term averages, mortgage loans exploded, but the prevailing market sentiment was that 'this time was different.' Financialisation has been accelerated by the process of leverage. In the period 1930s to 1980, bank lending was mainly based on deposits.

Pros and cons of Financialisation - Economics Help

Financialization (or Financialisation in British English) is a term sometimes used to describe the development of financial capitalism during the period from 1980 to present, in which debt-to-equity ratios increased and financial services accounted for an increasing share of national income relative to other sectors.. Financialization describes an economic process by which exchange is ...
