Girl Pulled Alive From Ruins

This is the moment a man - named only as Issam - was pulled alive from the ruins of a destroyed apartment block in central Beirut on Wednesday, 10 hours after the city was hit by a massive explosion

Moment small girl is found alive after spending 24 HOURS ...

Abstract. This case examines the integrated physiological response to dehydration and starvation from the real-life report of a girl discovered 15 days after an earthquake devastated Port Au-Prince, Haiti, in January 2010. From the meager scientifically relevant facts reported by the newspaper accounts of the girl's condition, students are asked to work through the pathways of water loss from dehydration as they examine the multiple systems involved in homeostatic responses, and then are ...
