Sometimes we can treat the presenting issue/illness (i.e. parasite overload, pneumonia, etc.), but getting the sick animal to start eating again is an entirely different issue. The longer its rumen is empty, the harder it is to get it started again. And if that sheep doesn't want to drink or eat, it can quickly become dehydrated as well.

A group of sheep go into a resteraunt to eat. They find themselves out of place and make a mess of the place. In the end, them find where they belong, out eating the lawn. I found the book a little hard to read and found myself stubleling over the pattern of rhying words. Maybe after reading it several times, the words would flow a little better.
